# Wild Blooms - Duo or Trio Stiltwalking Act

## Performance Description

“Dreams grow wild in the garden,  
some strange and beautiful,  
some dark, some light.”

Butterflies and birds adorn her crown; his sunflower casts a wishing bower.  
The Blooms pose as pollinators dusting the audience with rainbow pollen as they  
make their rounds.

Wild Blooms is a two or three person roving stilt performance that can be performed day or night, indoors or out to a wide demographic ranging from small children to adults. The eye-catching costumes reference a summer's day, with parasols, toppers and illuminated props including a giant sunflower. The works call to light unbridled imagination and the tender hands needed to protect precious eco-systems, where rare plants and exotic flowers dance.

## Performance Biography

Wild Blooms were designed as flower characters for the Birregurra Festival and Art Show in 2018. Mr. Bloom was dreamed in 2019 and debuted at Torquay Nightjar Festival in 2020.

# Working With WildHoney - Mobile Act Stilt Requirements

## Stilt Requirements

WildHoney performers are easy to work with and adaptable to a great range of environments. We walk comfortably in crowds, indoors and out, can squeeze through doorways, navigate a wide range of surfaces and tough it out in most weather.

## Stilt Up

WildHoney works with tall stilts, and we often get asked how we get up and down. A trestle table will do the trick.

## Height

WildHoney Stiltwalking Characters and Creatures measure anywhere from 2-3 metres in height inclusive of props. The Chimera puppet is 4.5 metres. When booking, please be mindful of your space, checking ceiling height, decor, outdoor environments, and any rigging locations to ensure a suitable setting for these unique performances.

## Performance Area

When presenting WildHoney mobile acts, the performers need enough room to move comfortably between people and a large flat, dry area to walk in. If performing at night, please ensure there is an adequately lit pathway to and from the performance area.

## Safety

WildHoney prioritises safety by providing an in-house spotter for all performances. Maintaining a safe distance between performers and the public is crucial unless performers choose to interact with select audience members. The event organisers are responsible for hiring trained safety officers to ensure a secure environment for everyone involved.

## Surface Requirements

The WildHoney stilt performers cannot perform on wet, slippery, muddy or deep sandy surfaces, and any sign of liquid on a glossy surface is extremely hazardous.

## Steps

WildHoney stilt performers cannot walk up or down long flights of steps. Please make sure that the pathway between backstage and dressing rooms does not involve steps and can be avoided in the performance area.

## Dressing Rooms

Male/female dressing rooms must be supplied as close to the performance area as possible. Whilst the rooms do not have to be high, they must be private, have access to power, lighting, drinking water, trestle tables, chairs, bin, heater/cooling if available, costume hanging rack, and close access to toilet facilities.

## Green Room

A dedicated space for performers to relax when they take a break.

## Rider

To be negotiated

## Weather Alerts

The WildHoney stilt performers cannot perform in rain, extreme heat (34 degrees +) or gale force winds. WildHoney will be at the event (unless cancelled) and wait to be rescheduled (by negotiation) on the day of performance. If there is no possibility of performance (and those appearances are cancelled) WildHoney will invoice for 100% of the total fee.

# Working With WildHoney - Mobile Acts Information

## Non Verbal Street Theatre

WildHoney does not use spoken word but speak gibberish when the mood takes them. Movement and visual stimuli is a key technique of storytelling and communication making it accessible and super friendly to all walks of life.

## Relaxed performances

WildHoney offers specially adapted performances for adults and children, who might benefit from a more relaxed experience, i.e. low stimulus, non-verbal. This type of performance specifically appeals to people with autism, communication disorders, learning difficulties, and dementia.

## Audio and Live Sound

WildHoney mobile performances generally operate without sound however a pre-recorded soundtrack can be presented on request.

## Stage Lighting

The costumes are designed with inbuilt lights for outdoor street performances and therefore don't require external lighting but can enhance the visual if available.

## Performance Duration

WildHoney mobile acts are performed as 20-minute sets, with up to three sets available over a three-hour period. The performers take a break for a minimum of 20 minutes between sets.

## Insurance

WildHoney has Public Liability Insurance.

## Cost

WildHoneys mobile acts fees are variable and dependent on factors such as performance duration, number of performers, travel, accommodation, and per diems. Please contact us for a full price list or quote.

WildHoney acknowledges the Gadubanud and Gulidjan Country and Peoples of the lands upon which we live and work. Country that has afforded us the privilege to draw inspiration from the deep damp luscious valleys and sacred places scattered throughout this wild temperate rainforest. We are beneficiaries of all that grows here that not only feeds us physically but allows us to pursue our creative practice with nourished souls. We pay our gratitude and respects to the Local Aboriginal Community and to any Aboriginal people viewing this document.
